Re: Conservation Chemical Company Site/
General Notice Letter/
Misidentification of Contact Person

Dear Mr. Karl:

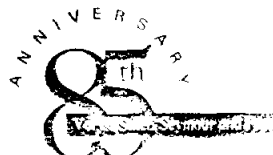

You have forwarded your September 28, 1994 General
Notice Letter to me as follows:

OMI International Corp.
(for Universal Oil Products)
Mr. Martin T. Brodnik
52 East Gay Street
Columbus, Ohio 43216.

Please be advised that, while I represented OMI International Corp. and Southern Screw Co., and while I was the secondary contact person for Marshalltown Instruments in the litigation with the 6500 Group, I am not the contact person for Universal Oil Products, Inc. (unless for a reason unknown to me at this time, Universal Oil Products, Inc. is related in some fashion to OMI or Southern Screw). Perhaps the correct contact person for Universal Oil Products is J. B. Smith of Beckman, Kelly and Smith, but you will need to confirm this.

Therefore, your Notice of General Liability has not been served upon Universal Oil Products, Inc., which is listed in

your generator list as generating 1,851,300 gallons (6.358%).
Please notify me if this Notice was in error.

Sincerely,

A handwritten signature in cursive script, appearing to read "Martyn T. Brodnik".

Martyn T. Brodnik
